Hospitality should not change people. It should provide a place where change is possible.

Flachenhof

Our farm is located at 1550m on the 'Rittner Hochplateu' in the nature reserve of Rittner Horn with stunning views of the Dolomite mountain range. The establishment is operated and maintained by us and our staff. The foundations of Flachenhof were laid by us in 1988, when we created an oasis for man and animal which we love to share with our guests. Flachenhof is a busy farm, with activities ranging from taking care of the wildlife and the production of home-made products to the social area of the operation, working with man and horse.

Themed Weeks

Our current **themed weeks** for our guests:

- Riding lessons for beginners and advanced
- Trial lessons and Team Pony Concept
- Yoga and riding
- Hacks
- White Weeks

We offer many **more activities**:

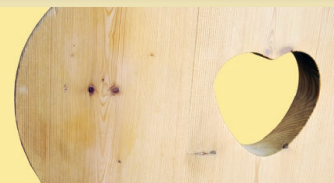

Summer:
Mountain biking, yoga, trampoline, boulderwall, tablefootball

Winter:
Skiing, snowboarding, tobogganing, hiking

The Common Room

This is the place to be for cosy get-togethers with friends and family. The room is exclusive for guests and also features courses, parties and other activities taking place at Flachenhof.

Apartments

Apartment 'Cavallo'
